

Installation Instructions for a CADfix Service Pack

=====

- 1) Check you have all the files needed for this installation.

You should have 2 files:

 README.txt (this file)
 cf10sp1_win64.sp (service pack file, name of file depends on
platform
 and sp version, this is the Windows version)

- 2) Make sure you have the necessary permissions to modify the CADfix installation (the installation process will check this).
- 3) Make sure that CADfix is not currently being used.
- 4) Start CADfix as administrator.
 Select the Help menu and choose the "CADfix Administration..." option.
 Use the Administration tool to install the service pack file.
- 5) Exit CADfix and restart to complete the installation process.
